BAREFOOT

2 Neck seals

Wrist seal  
under storm cuff

Storm cuffs available  
in all N100 colours

Ankle seal  
under storm cuff

This suit was originally designed specifically for barefoot waterskiing but we now have many people using it very successfully for kite surfing. Made to measure in N100 trilaminate fabric. All seams are single stitched and hand taped for longer lasting watertight seams. Fitted with latex wrist seals, ankle seals and 2 neck seals, storm cuffs over wrists and ankles, a rear 8bdm zip and an elasticated rear waist. We fit 2 neck seals and storm cuffs to prevent leakages from high speed water penetration. The suit is supplied with a suit bag. Material swatches available on request.

## Material

Nylon N100 (Junior)	See price list
Nylon N100 (Adult)
