RB140 version

Ankles or Socks

Or upgrade to
Boots

There are 2 versions available, **RB100** for use on a Rescue patrol or Seated jet ski and **RB140** for a Standing jet ski or Rib/Rescue.

Description

RB100	This suit is made in N100 fabric. As standard all seals are latex with a choice of ankle seals or socks, non slip seat, a rear 8bdm zip and an elasticated rear waist.	See price list
RB140	This suit is made in the more robust N140 fabric. As standard all seals are latex with a choice of ankle seals or socks, Cordura reinforced knee pads, a rear 8bdm zip and an elasticated rear waist.	See price list
All seams are single stitched and hand taped for a longer lasting watertight seam on both types of suit and they are both supplied with a suit bag. Swatches of fabric available on request.
